PRODUCT INFORMATION

BALL NQ | BALL 30 | BALL 40

The Novoflex BALL NQ ball head is a classic ball-and-socket head that's designed for ultimate precision and stability. The Ball NQ is intended for studio or outdoor photography – its corrosion-free materials ensure that it will survive any elemental rigors. The low-profile head measures only 3.1" high yet supports loads up to 15.5 lb. The easy-to-move ball permits a 360° rotation. The ball can be locked in any desired position by means of a winged screw. An integrated level helps to align the camera precisely in the right position. A peculiarity is the lubricant-free seat of the ball, which prevents fast retention. Furthermore, the corrosion-free materials make the universally applicable tripod head a true outdoor tool. The ball head is equipped with a camera quick-release Q-Mount.

The two ball heads 30 and 40 (BALL 30 / BALL 40) easily prove their stability and high precision. The pan rotation over 360° is locked with a knob.

The ball head 30 (BALL 30) holds equipment up to 5 kg / 11 lbs, the ball head 40 (BALL 40) up to 10 kg / 22 lbs without any problems. Characteristic is the grease-free operation of the ball, which eliminates problems with dust and dirt. Noncorrosive materials make both balls genuine outdoor products. The ball heads 30 and 40 (BALL 30 / BALL 40) are the ideal addition to the NOVOFLEX universal clamps (UNIKLEM) and the NOVOFLEX mini tripod (BASIC BALL).

TECHNICAL SPECIFICATIONS

Order code:	BALL NQ
Dimensions:	h = 80 mm (3.1"), Ø = 75 mm (3")
Weight:	460 g (1.01 lbs)
Tripod connection:	1/4" bzw 3/8"
Camera connection:	Q=PLATE
Load rating:	7 kg (15.5 lbs)

Order code:	BALL 30
Dimensions:	h = 75 mm (3"), Ø = 41 mm (1.6")
Weight:	255 g (0.56 lbs)
Tripod connection:	1/4" 3/8"
Camera connection:	1/4"
Load rating:	5 kg (11 lbs)

Order code:	BALL 40
Dimensions:	h = 95 mm (3.7"), Ø = 53 mm (2.1")
Weight:	485 g (1.07 lbs)
Tripod connection:	1/4" 3/8"
Camera connection:	1/4"
Load rating:	10 kg (22 lbs)

BALL HEADS

BALL 19	BALL HEAD	UNIKLEM 26/42	MICROPOD	BBSTOCK
BALL 19P	BALL HEAD	UNIKLEM 26/42	MICROPOD	BBSTOCK
NEIGER 19	BALL HEAD	UNIKLEM 26/42	MICROPOD	BBSTOCK
NEIGER 19P	BALL HEAD	UNIKLEM 26/42	MICROPOD	BBSTOCK

PRODUCT INFORMATION

Ball 19 | Ball 19P | Neiger 19 | Neiger 19P

The compact and sturdy ball heads 19 and 19 P (BALL 19 / BALL 19P) hold equipment up to 3 kg / 6.6 lbs without problems.

The version „P“ adds a separate lock for the panorama function.

The ball heads NEIGER 19 and NEIGER 19P are supplied with a special flash-shoe. With these ball heads not only flashes can be positioned accurately, but also video lights, lighting gobos, measuring instruments and much more.

The NEIGER 19P also possesses a panorama lock knob.

All four tripod heads are universally applicable; we recommend them particularly for the NOVOFLEX universal clamps 26 and 42 (UNIKLEM 26/UNIKLEM 42), the NOVOFLEX mini tripod (MICROPOD) and the NOVOFLEX monopod (BB-STOCK).
